30. Was any need assessment exercise undertaken before the development of new program(s)? If so, give the methodology.

The college offers various courses in science, humanities and English. But courses in Tamil have been a subject of enquiry among the students who seek admission into various courses. Hence the department decided to study the demand for courses in Tamil. Discussion with the students who attended admission counseling showed their interest in joining Tamil literature in Govt. Colleges.

It is understood through discussion that even interested students join other courses because of non availability of Tamil literature in this college or go for expensive private institution to join Tamil literature.

Data collected from various school teachers of Tamil language of our locality show that students are very much interested in joining Tamil literature because of employment opportunities in government educational institutions and through competitive examinations.

The above points were discussed in the department staff meeting and a unanimous decision was taken to start B.Litt., M.A., and Ph.D. research programme in the successive years. Accordingly efforts were taken through proper channel to start the courses.

34. Teaching methods adopted to improve student learning

- Lectures
- Using multimedia facilities in teaching- learning
- Using YouTube movies and other e- content
- Group discussion
- Quiz
- Student seminar

- Teaching English **Grammar** by power point presentation using LCD projector.
- English pronunciation is being taught through **live internet** audio files.
- The PG English students are made to become familiar with the short-hand scripts motivating them to learn Short-hand which will be useful since they are students of English Literature.
- Students aspiring to learn English language, listen to the pronunciation of different sounds of English language in British accent and American accent, and read the text simultaneously so that they become familiar with the spelling, intonation and pronunciation.

Some of the components of multimedia content used to supplement teaching-learning are given below:

**Text: I Have a Dream** – Martin Luther King Jr

The text of King's speech was provided to the students.

The audio version of King's speech was played.

Students read the text, listen to the speech / audio. This motivated the students to read the text and listen to the audio several times.

**Surfacing** – Margaret Atwood

The students read the text of the novel.

Later the movie of the novel was screened on the LCD projector.

Having read the text, when the students watched the movie they could get a better understanding of the novel and evinced interest in self learning using e-content available on the internet.

#### **Films screened for the students**

- Julius Caesar, Macbeth, Antony and Cleopatra, Hamlet, Romeo and Juliet, As you like It – Shakespeare
- Emma, Pride and Prejudice – Jane Austin
- Pygmallion – G B Shaw

Using multimedia components like LCD projectors, microphones and headphones, and PowerPoint presentations make students involve in multi level learning.

**Inter-disciplinary teaching:** For world classical literature, viz., teaching THIRUKKURAL a faculty from Tamil department participated in the discussion sessions.

35. How does the department ensure that programme objectives are constantly met and learning outcomes monitored?

The attainment of programme objectives is monitored by assessing the participation of the students in co-curricular, and other scholarly activities, progression in higher studies, research and employment in government and non government organizations.

They are periodically monitored for development of soft skills, good communication skills. The Language Lab is used to train our students in communication skills and soft skills.

To monitor the learning outcomes of the students, the department organizes periodical monthly tests, weekly assignments apart from model and end semester examinations.

Based on the result analysis if there is any underperformer, they are given special coaching by their respective subject teachers.

31. Does the department obtain feedback from

a) faculty on curriculum as well as teaching-learning-evaluation? If yes, how does the department utilize it?

Yes. The department implements all the valuable suggestions at the time of curriculum design, which are received from our faculty members. Theory and practical paper on Latex software has been introduced in the PG syllabus.

**Teaching – Learning – Evaluation:**

- Group Discussion and seminar.
- Unit wise test.
- Oral Test at the end of hour.

b) students on staff, curriculum as well as teaching-learning-evaluation and what is the response of the department to the same?

Yes. The respective staff member changes his/her teaching methodology as per students' feedback. It is also utilized while revising the syllabus. Some units are simplified in the 'Graph Theory' paper.

**Teaching – Learning – Evaluation:**

- Group Discussion and seminar.
- Unit wise test.
- Oral Test at the end of hour
- Study materials are provided
- Remedial classes are conducted

c) Alumni and employers on the programmes and what is the response of the department to the same?

Yes. Their valuable suggestions are considered in the curriculum design. Number Theory paper is introduced to the UG from PG.

32. List the distinguished alumni of the department:

30. Was any need assessment exercise undertaken before the development of new program(s)? If so, give the methodology.

Yes, the students in and around Thanjavur were unable to get chance to study M. Sc. Statistics. Our interaction with the UG students and their parents revealed that they wanted to pursue their post graduation in our college itself because of affordability and the quality of teaching and learning. Based on the feedbacks, M.Sc. Statistics was started on 21.08.2012.

31. Does the department obtain feedback from

a) faculty on curriculum as well as teaching-learning-evaluation? If yes, how does the department utilize it?

Yes. Based on the feedback the following changes have been made in curriculum, teaching-learning and evaluation.

The syllabus has been enriched with components that help the students in competitive exams and placement.

The following techniques have been adopted to improve the performance of the students:

- Oral Test at the end of hour.
- Unit wise Seminar and Group Discussion.
- Class test.

b) Students on staff, curriculum as well as teaching-learning-evaluation and what is the response of the department to the same?

Yes, Based on feedback from the students we have changed some topics in the following papers: 1. Statistical Inference 2. Statistical Quality Control 3. Operations Research and 4. Statistical Software Packages.

c) Alumni and employers on the programmes and what is the response of the department to the same?

We used to conduct Alumni meeting every year and the department record the suggestions from the alumini.

The following are the changes made in curriculum based on the suggestions from the alumini:

First II units modified in the paper 'Distribution Theory'

32. List the distinguished alumni of the department

35. How does the department ensure that programme objectives are constantly met and learning outcomes monitored?

Realization of programme objectives:

A number of our students progress in higher studies, and got employed in government and private sectors in jobs that require statistical knowledge and skills. The success of our students in higher education and employment help us understand how far the objectives of the programmes are realized.

Learning outcomes are monitored through the following methods :

- a) Students' Assignment.
- b) Continuous Internal Assessment  
Test
- c) Classroom seminar sessions

b) Internet facilities for Staff & Students

Internet with Wi-Fi availability is 50 m around the department. Students are using internet facility after 1' O clock. One hour each allotted for UG, PG and M.Phil., and Ph.D. scholars respectively. In addition to that our department students are utilizing digital library till 6 pm. Students are utilizing UGC - INFLIBNET for downloading open access journals and recent books at free of cost.

Government of Tamil Nadu providing free Lap-Top for UG and PG students.

c) Total number of class rooms: 09

d) Class rooms with Information and Communication Technology (ICT) facility

A class room fitted with an LCD projector. It is used for power point presentations, placement training (ability test, numerical test etc), Virtual experiment presentation, open M. Phil. *viva-voce* presentation, Ph.D. public *viva-voce* presentation and live video lecture etc.

e) Student Laboratories

For academic development four laboratories are functioning.

- Lab -I : Allied subjects
- Lab - II : UG Major Physics
- Lab- III : PG Major Physics
- Lab - IV : Computer Programming

f) Research Laboratories

For research activities five laboratories are available:

- Ultrasonics Production and Testing for Ultrahigh Cleaning Applications
- Crystal growth (Faraday Research Lab)
- Microwave and Dielectrics Lab
- Thin film Physics for Large Area Spray Pyrolysed Coating
- Thin film Physics and Nanotechnology for Solar cell Fabrication

Mr. N. Swaminathan	TANSCHE	2012-2013	Dr. L. Chinnappa
K. Dhamayanthi	TANSCHE	2013-2014	Dr. T.Arivudainambi

30. Was any need assessment exercise undertaken before the development of new program(s)? If so, give the methodology.

- Solar cell fabrication and testing programme for UG, PG, M.Phil and Ph.D. students – Sponsored by IIT-B, MHRD, NCPRE, MNRE
- Robotic training programme for final year UG students. Forty five students benefited by this programme. Sponsored by Electronics Corporation of India Limited ECIL - Electronics Corporation of Information Technology (ECIT).

31. Does the department obtain feedback from

a) faculty on curriculum as well as teaching-learning-evaluation? If yes, how does the department utilize it?

Yes the faculty compared the curriculum with the premier institutions of higher learning and gave their opinion on curriculum.

Their feedback was discussed in board of studies meeting and points relevant to enrichment of curriculum and syllabus have been incorporated in the revision and enrichment of curriculum and syllabus:

The following papers in emerging areas are included in the curriculum.

- Thin Film Physics
- Nano Physics
- Crystal Growth
- Ultrasonics
- Nano-materials
- Crystallography
- Non-linear optics

The newly added papers on Thin Film Physics and Nano Physics are included with the aim to enhancing problem solving skills of the students, to face competitive examination and chances for higher studies and research.

### Teaching-Learning-Evaluation

- Core Knowledge of the students is evaluated by conducting preliminary subject test, Group discussion and Technical interview for identifying the strength and weaknesses of the students. Based on the evaluation, students are permitted to participate in study abroad programme, skill development programme and training programmes.
- Periodical tests are conducted for assessing their learning outcomes and their performance in CIA.
- Students who fail to understand the lessons and fail in the tests and examinations are helped with study materials and remedial classes.
- ICT facilities are used for teaching.

b) Students on staff, curriculum as well as teaching-learning-evaluation and what is the response of the department to the same?

Yes. Initially the Department introduced the Thin Film paper in the first semester for the PG students. Based on the feedback from the students, this paper is included in the third semester.

Communicating learning materials through e-mail to all the staff members and students.

65% of NET topics are included in PG syllabus.

Special coaching classes for TET, SLET and NET are conducted

c) Alumni and employers on the programmes and what is the response of the department to the same?

Accepted the suggestions made by them to make the syllabus application and job oriented.

32. List the distinguished alumni of the department (maximum 10)

Sl. No.	Name of the Alumni	Position	Place
01	Dr. T. S. Natarajan	Professor	IIT M, Chennai

34. List the teaching methods adopted by the faculty for different programmes

Physics faculty are using different innovative practices and techniques for the benefit of students

- Virtual Laboratory
- Over Head Projector
- Multimedia Projector

35. How does the department ensure that programme objectives are constantly met and learning outcomes monitored?

The realization of program objectives is assessed from the progress of our students in higher studies, research and employment. Many of our alumni have been employed in industry, civil administration, and research institutions whose progress testifies to the realization of the objectives of the programmes offered by the department.

The achievement of learning outcomes is monitored by:

- Continuous Assessment carried out by conducting
- Class tests
- Unit tests
- Mid-term tests
- Model Examination and
- End semester examination

36. Highlight the participation of students and faculty in extension activities

Name of the Students/ Faculty	Programme	Date and Year
Mr. V. Manikandan	State level Sports meet, Chennai 100 meter (Participated)	January 6, 2015
Mr. R. Karthikeyan	Karate regional level, Rotary Club Thanjavur (Third Place)	October 18, 2013

38. State whether the programme/ department is accredited/ graded by other agencies. Give details: Nil

39. Detail any five Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department

#### Strengths

- Qualified faculty
- Teaching and Research
- Competitive exam oriented syllabus
- University -Industry Interactive syllabus

### **Weakness**

- Inadequate infrastructure
- Poor Communication skill for students

### **Opportunities**

- Higher Studies and Research
- Job oriented Training Programme
- Entrepreneur Skill Development
- Personality Development
- Developing Social Responsibility

### **Challenges**

- Financially weak students
- Students from rural background
- Making technically strong students with available facility
- First generation students

### 40. Future plans of the department:

- Adopting one student/year/staff making the students
- Till completing his M. Phil/Ph. D/PDF or get a job or start a small scale industry
- Lifelong learning system
- Starting "Solar Energy Centre" in Physics Department
- Department Instrumentation Centre

30. Was any need assessment exercise undertaken before the development of new program(s)? If so, give the methodology. Not applicable

31. Does the department obtain feedback from

a) Faculty on curriculum as well as teaching-learning-evaluation? If yes, how does the department utilize it?

Faculty is at liberty to give their feedback on the curriculum as well as teaching-learning-evaluation in writing to the chairman, Board of studies. The feedback is discussed in the Board of Studies convened periodically in the department along with subject experts, alumni and all faculty members of the department. The changes accepted by the Board of studies are implemented in the subsequent years.

Based on the feedback from the faculty Group discussion, Quiz hours and Model experiments in addition to assignments, model examinations and seminars are conducted for the students.

b) Students on staff, curriculum as well as teaching-learning-evaluation and what is the response of the department to the same?

- We obtained feedback from students on staff, curriculum as well as teaching-learning-evaluation.
- Based on the students' feedback, staffs are advised to improve their performance on the parameters where the students pointed out the weakness.

- Based on the students' feedback, the concerned staff members are advised to supply the study materials to students.
- Based on the students' feedback, video lectures, animated power point presentations are shown to students in order to make the difficult concepts understandable.
- Based on the students' feedback, some changes were made in the curriculum during board of studies meetings.

c) Alumni and employers on the programmes and what is the response of the department to the same?

Alumni of the department are frequently engaged in conducting special lectures or invited talks to the students in the department association meeting. A carrier guidance cell functions in the college to identify potential employers for the under graduates and post graduates and frequent campus interviews are arranged in the college to make our students employable in leading industries and institutions.

32. List the distinguished alumni of the department

35. How does the department ensure that programme objectives are constantly met and learning outcomes monitored?

By conducting class test, slip test, viva voce, midterm examination, model examination and end semester examination. The quality of teaching, learning methods was recorded year wise. The review of the results at various intervals within the department helps to improve the quality in the successive years.

Result Analysis as well as Pass Percentage ratio and the number of students selected for placement both in and off campus help the department to measure the level of achievement of program objectives. The number of students undertaking higher studies is also considered as a bench mark. Percentage of students clearing national level competitive examinations like CSIR, NET, SLET, UPSC.TNPSC etc. is also taken as the criterion to measure the success rate.. The frequent interaction of Alumni from various institutions and industries helps in monitoring the realization of course objectives.

36. Highlight the participation of students and faculty in extension activities.

Dr. D. Ilangeswaran & Prof. R. Radhakrishnan, Assistant Professors of chemistry acted as Judge in “Veetukku Oru Vignani” – program for School Students at Arasu Engineering College, Kumbakonam conducted by Puthiya Thalaimaurai T.V. Channel on 2<sup>nd</sup> week of August 2013.

Our students actively participate in NCC, NSS, RRC, YRC, and other organizations.

37. Give details of “beyond syllabus scholarly activities” of the department.

- Awareness program on the environmental impact of usage of plastics conducted by faculty members and B. Sc. Chemistry students on 02.11.2014
- M. Sc. chemistry students visited the houses of new housing unit, Thanjavur to provide personal counseling and guidance to the occupants about the eradication of *Aedes* mosquito in order to prevent from Dengue fever on 08.12.2013.
- The staff members and students conducted an awareness program to the people of Pillayairpatti village on the hazardous effect of using tobacco in any forms on 25.11.2012

38. State whether the programme/ department is accredited/ graded by other agencies. Give details. Nil

39. Detail any five Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department

### **Strength**

- Students and staff ratio
- Research programmes: M. Phil. and Ph.D.,
- Syllabus based on CSIR, UGC/NET syllabi.
- Separate laboratory facilities for UG, PG, M. Phil. and Ph.D. programmes.

### **Weakness**

- Lack of inter disciplinary research activities.
- Lack of instruments to characterize the chemical compounds for research programme.
- Poor communication skills among students due to their rural background.
- Limited no. of computers to educate the students by making use of internet.
- No collaboration with other institutions.

### **Opportunities**

- Availability of lab facilities. A lot of research projects are carried out for M.Sc. and M. Phil. students in the department itself.
- Literacy about internet usage among the students to know the employment opportunities.
- Skills developed from the in house project work, enable the students to work in various industries after their placement.
- Since the curriculum is compatible with the syllabus of competitive examination such as CSIR, TRB, TET, TNPSC and UPSC the students can get through these examinations.
- The students from poor families do part-time work at various organizations in and around Thanjavur, since the college offers UG and PG programmes in shift systems.

## Challenges

- Since large number of students is from rural areas they are unable to prepare themselves according to the current competitive environment.
- Preparing the mindset of the students coming from various villages to be employed anywhere outside the state after completing their degree.
- Poor family situation of the students after completing M. Sc. and enrolled in the research program such as M. Phil and Ph. D. discourage them to pursue higher studies among the students.
- Getting funds from national and international agencies.

## 40. Future plans of the department.

- The quality of the department is to be improved as a bench mark in this region
- The employability of the students should be increased by following intensive training programme.
- To promote their research activities and consultancy services in this department and the number of research supervisors should be increased.
- Faculty members without Ph. D. are encouraged to register for Ph. D programmes.
- The research supervisors are motivated to apply for projects from various funding agencies.
- The number of research contribution in the form articles to Peer reviewed journals should be increased.
- The faculties are motivated to apply for patent rights for their innovative research outcome.

17. Faculty recharging strategies

The Principal & the Head of the Department encourage the faculty to complete their orientation and refresher programmes at the earliest. Additionally, in keeping with the policy of promoting research, the faculty is encouraged to pursue their Ph.D., send proposals for minor/major research projects, and guide students in research either for a formal degree or through research projects.

By attending seminars/conferences/workshops and by presenting papers, faculty members get exposed to the contemporary concepts and the recent trends happening in the field of Economics. The department also organizes National and International seminars on different socio-economic themes. The department has so far organized 15 National seminars and 5 International seminars to enrich the knowledge of the teachers as well as students in the department. Workshops to empower faculty with innovative teaching-learning skills also help to keep the faculty motivated. International academic exposure is given by way of inviting people from outside the country.

30. Was any need assessment exercise undertaken before the development of new program(s)? If so, give the methodology.

Prior to applying for the M. Phil. programme, the Department of Economics, conducted a study of the profile of the students who were passing out as post graduates by then and found out that majority of them were not able to go for further studies on account of their financial constraints as there is no Government College in the nearby area that offers the course. So to enable them overcome the geographical as well as the financial constraints they have faced till then, the Department started the M. Phil. course in Economics and spreads awareness about all the forms of scholarships applicable to them and part-time employment opportunities to the poor students.

31. Does the department obtain feedback from

a) faculty on curriculum as well as teaching-learning-evaluation? If yes, how does the department utilize it?

The design of the courses and the framing of the syllabi are done by the faculty together. Regular meetings are held in the department to discuss and review this. All the faculty members of the department are also on the Board of Studies. Hence the curriculum is constantly being reviewed for relevance. Almost all the faculty members in the department have completed MBA programme through distance education mode; hence, a few management subjects are introduced in our department for enhancing the employability of the students in the private sectors.

b) Students on staff, curriculum as well as teaching-learning-evaluation and what is the response of the department to the same?

Through structured questionnaires the students give valuable feedback on teachers. This is reviewed by the teachers and the Head of the Department and action is being taken accordingly.

c) Alumni and employers on the programmes and what is the response of the department to the same?

The department has alumni who are proud to belong to this institution and who display a great sense of loyalty. This is the 56th year of the Economics section and the alumni have shown great enthusiasm. Some of them give lectures to the students and contribute to bring in industrial experience to the classroom.

The Department of Economics produced notable lecturers, feeding to the teaching fraternity in and around colleges in Tamilnadu, revealing the Department's untiring efforts to mould the students all through the years.

31. Does the department obtain feedback from

a) Faculty on curriculum as well as teaching-learning-evaluation? If yes, how does the department utilize it?

Yes, the feedback from all the staff members helped the department to enrich the curriculum framework. Based on their inputs, the following papers have been introduced in the syllabus and some changes have been made wherever necessary.

## Curriculum

Papers introduced during the assessment period:

- Computer Applications in Business
- Entrepreneurial Development
- Entrepreneurship and Small Business Management
- E-commerce
- Security Analysis and Portfolio Management
- Executive Self Development
- Social Laws
- Research Methodology
- Statistical Tools for Business
- Quantitative techniques for Business Decision

Changes made during the assessment period:

- NSE's Certification in Financial Markets (NCFM) modules by NSE included in the paper 'Fundamentals of Financial Market'
- In the Paper "e-Commerce", a 'practical session on online marketing and banking' is included.

### **Teaching -Learning - Evaluation**

Based on the feedback from the faculty on teaching, learning, and evaluation the following steps have been taken:

- One of the classrooms has been equipped with ICT facilities
- Internet connection with Wi-Fi facility has been made available for both staff and students
- Three new computers have been installed in the department for practical sessions.
- Number of class tests have been increased
- Student seminars are conducted

b) Students on staff, curriculum as well as teaching-learning-evaluation and what is the response of the department to the same?

Based on the feedback from the students on staff, curriculum as well as teaching, learning, and evaluation the following steps have been taken:

- Lectures are made bilingual to help the rural students, whose English skills are inadequate, to understand the concepts of the Paper.
- Weak students are identified and given special classes.
- For problem- based papers like Accountancy and Statistics, special care has been taken to make the students secure more marks.
- Study materials have been provided for the students.
- Based on the feedback from the students new papers like Executive Skill Development, e-commerce, Computer Applications in Business were introduced.

c) Alumni and employers on the programmes and what is the response of the department to the same?

Feedback is obtained from the outgoing students who are employed in various organizations, to know the factors which helped them fetch a job. It was known from them that computer skills are essential for employment in corporate sector. Hence, in order to give better exposure in computer applications in commerce, an exclusive computer practical paper with Tally has been introduced.

An alumnus and an Auditor have been included in the Board of Studies to get their feedbacks while framing the syllabus

**P.G.**

1. Instead of LAMP paper PHP paper has been introduced.
2. In the paper "Mobile Communication" a unit on Android Operating System has been included.

**U.G.**

1. Instead of "C and Data structure", the paper 'Fundamentals of Information Technology' has been introduced

**Teaching - Learning - Evaluation:**

The following techniques have been adopted to improve the performance of the students

- Group Discussion and seminar.
- Unit wise test.

- b) students on staff, curriculum as well as teaching-learning-evaluation and what is the response of the department to the same?

Yes. Based on the feedback from the students the followings changes have been made.

**Curriculum :**

**P.G.**

1. "Software Testing" paper has been removed and the components of the paper have been included in the newly introduced "Advanced Data Structure" paper.

**U.G.**

1. II units have been modified in the paper 'Computer Architecture'

### **Teaching – Learning – Evaluation:**

- Conducting Quiz
- Oral Tests at the end of the hour

c) Alumni and employers on the programs and what is the response of the department to the same?

Yes. Based on the feedbacks from the alumni and employers the following changes have been made.

### **Curriculum:**

#### **U.G.**

- ‘Database System’ syllabus is revised.

#### **P.G.**

- ‘Advanced Data Structure’ paper is introduced.

### **Teaching – Learning – Evaluation:**

1. Spoken English practice is given.
2. ICT facility is used in teaching.

32. List of the distinguished alumni of the department (maximum 10)

34. List the teaching methods adopted by the faculty for different programmes

- i. To make learning a pleasant experience many technical devices are used in the class room.
- ii. Quiz competitions are conducted.
- iii. Debates are conducted in the class room to develop communication and presentation skills.
- iv. Students are motivated to visit other institutions to have exposure in professional and research developments.

35. How does the department ensure that programme objectives are constantly met and learning outcomes monitored?

#### Programme Objectives

The attainment of programme objectives is monitored by the assessment of awareness among students about concepts of computer science and applications, the success rate of our students in higher studies, research, employment in IT sector, and competitive examinations.

Learning outcomes monitored through the following methods:

- Student Assignments
- Continuous Internal Assessment Tests
- Classroom seminar sessions
- Faculty feedback report

**36. Highlight the participation of students and faculty in extension activities:**

30. Was any need assessment exercise undertaken before the development of new program(s)? If so, give the methodology.

Based on the feedback given by the staff members working in colleges in and around Thanjavur, we realized the significance and scope of biochemistry in reputed hospitals, research and industry. This motivated us to start the M. Sc. Programme in Biochemistry which would fulfill the needs of the stake holders in their higher studies and employment.

31. Does the department obtain feedback from?

a) Faculty on curriculum as well as teaching-learning-evaluation? If yes, how does the department utilize it?

Based on the feedback from the faculty on curriculum, we have introduced application oriented subjects like biotechnology and Molecular Biology.

We also incorporated some important topics in the syllabi which would be useful to compete for UGC NET/SLET Exams.

We also use PowerPoint presentation and animations for theory and practical classes.

b) Students on staff, curriculum as well as teaching-learning-evaluation and what is the response of the department to the same?

Yes. Based on this feedback, we encourage the students to develop communication skills.

Classes are conducted in bilingual method. Lecture notes are provided to the students

We utilize power point presentation and animations for theory and practical classes.

We plan to conduct regular tests to improve their performance.

Based on the feedback of students on curriculum we introduce a paper in Advanced Pharmaceutical Chemistry relevant to Pharma Industry.

c) Alumni and employers on the programmes and what is the response of the department to the same?

The alumni of our department are helpful in improving the curriculum to incorporate syllabus components to enhance employment opportunities. They also help in getting placement for our outgoing students.

32. List the distinguished alumni of the department

1. S. Thirunavukarasau-Biochemist, KMCH Hospital, Coimbatore
2. Appadurai-Biochemist, Santhi Hospital, Coimbatore
3. S.Manoharan-Biochemist, Ganesh Laboratories, Thanjavur
4. P. Rajasekar-Medical Trasncrispionist, Omega Limited, Tiruchi
5. V.Prabakaran-Thyrocare Research Laboratories, Mumbai
6. Chandrasekaran-Suresh Scan Center, Thanjavur
7. Rajkumar-Book Publishing Editor, Chennai
8. Balaji, Medical Trasncrispionist, Omega Limited, Thiruchirapalli

33. Give details of student enrichment programmes (special lectures/workshops/ seminar) with external experts.

Sl. No.	Programme	Topic
1	Seminar	Special lecture on Nanotechnology by Dr.Kumaran, Periyar Maniammai University, Thanjavur 14 <sup>th</sup> Feb 2011.
2	Seminar	Special lecture on Scope and importance of biochemistry for I year students by Dr. M.Kalaivani, 5 <sup>th</sup> March 2013
3	Special lecture	Special lecture on statistical analysis by Prof. Murugesan, 2 <sup>nd</sup> April 2014
4	Special Lecture	SPSS package for PG and research scholars by Dr.P. Mariappan, Asst. Prof., Dept. of Zoology, RSG College, Thanjavur. 8 <sup>th</sup> April 2014
5	Seminar	Stress management by Dr.Velavan, Associate Professor, Maruthupandiyar College of Arts & Science, Thanjavur. 18 <sup>th</sup> March 2015

34. List the teaching methods adopted by the faculty for different programmes.

- Lectures
- Power point presentation
- Assignments
- Chart preparation and exhibition
- Group discussion
- Tutorial
- Class test
- Seminar for UG & PG students

35. How does the department ensure that programme objectives are constantly met and learning outcomes monitored?

The department met this by observing the attainment of relevant knowledge, trends in their semester results. Their participation in curricular activities like seminar participation and paper presentation, higher studies and placements are also suggestive of realization of programme objectives.

Monitoring Continuous Internal Assessment tests and end analysis of end semester results give the necessary inputs to assess whether learning outcomes are attained.

36. Highlight the participation of students and faculty in extension activities.

Participation of students and faculty in Ebola virus awareness campaign (2014) and anti-plastic awareness campaign (2015)

37. Give details of “beyond syllabus scholarly activities” of the department.

Medical Awareness Camp – Investigation of Dengue fever and Ebola virus infection among the people of Manojipatti area, Thanjavur on 08.10.2014

38. State whether the programme/ department is accredited/ graded by other agencies. Give details. Nil

39. Detail any five Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department

**Strength:**

- Qualified and Experienced staff members,
- Research guidance,
- Regular Participation and organizing National level conferences.
- Guiding and motivating the students for competitive examinations.
- Sufficiently funded for Equipments/Glassware/chemicals.
- Syllabus is enriched with topics related to NET/SLET examinations.

**Weakness:**

- Insufficient class rooms and lab facilities to carryout research activities.
- Students are from Tamil medium and hence face difficulty in teaching and learning.
- Students are from rural and backward area with poor financial background.

**Opportunities:**

Placement in

- Clinical Laboratories, Food Industries Quality Controllers
- Pharmaceutical Industries,
- Research Institutes, Clinical trial manager,
- Medical Transcription and medical coding.

**Challenges:**

- Students are from rural area and they are not able to pursue their Master Research Degree and face problem to study in abroad due to financial crisis. They are in a position to earn after their under-graduation. They are very poor in communication too.
- Thus, we have a great challenge in motivating the students for their better communication skill and for their better placements in various industries.

**40. Future plans of the department.**

- Development of infrastructure facilities
- Establishment of research laboratories
- To obtain minor and major projects from state and central agencies.

31. Does the department obtain feedback from?

- a) Faculty on curriculum as well as teaching-learning-evaluation? If yes, how does the department utilize it?

Yes. Based on the feedback received from the faculty the syllabus has been updated to meet the requirements of the corporate and industrial sectors.

To improve the overall output in teaching-learning-evaluation the department organizes periodical monthly tests, weekly assignments apart from model and end semester examinations. Based on the result analysis if there is any underperformer, they are given special coaching by their respective subject teachers. LCD projector is made available in the department which is used for presentations and teaching.

b) Students on staff, curriculum as well as teaching-learning-evaluation and what is the response of the department to the same?

Yes. Based on the feedback received from the students the syllabus has been updated/modified to fulfill the requirements of the corporate and industrial sectors. In the new syllabus (2015-16 onwards), we have incorporated application oriented subjects such as Profit Planning and Control, Customer Relationship Management, Services marketing etc. The subjects were meticulously chosen which are application oriented to prepare the students to apply the knowledge in various functional areas of management.

Student feedback on teaching-learning-evaluation helps the department to identify the hard spots where more attention is needed. The department has taken the following steps to improve the process of teaching-learning-evaluation:

- Efforts are taken to improve the communication skills of the students
- Power point presentations are used to supplement the lectures
- Study materials are provided to the students.
- Periodical tests are conducted and the results are analyzed to assess the overall performance of the students.
- Internet facility is made available through Wi-Fi connectivity to all the students. The students are given laptops by the state government free of cost. It is a great boon to the poor students who can have free access to internet to browse and download e-content without any hassle.
- The UGC-INFLIBNET can be accessed from the department itself. It is very useful to research scholars.

c) Alumni and employers on the programmes and what is the response of the department to the same?

Yes. Most of our alumni are employed in pharmaceutical industry, nonbanking financial companies and government departments including Indian Airforce. Most of our alumni who have obtained doctoral degree in management are employed as Assistant Professors in various self-financing arts and science colleges in Tamil Nadu. Our alumni are interested to provide employment opportunities for our BBA students in the industry where they work.

32. List the distinguished alumni of the department:

34. List the teaching methods adopted by the faculty for different programmes

- Lecture method
- Case Studies
- Business Games
- Mind mapping-methodology is adopted to impart theoretical subjects to all the UG students.

35. How does the department ensure that programme objectives are constantly met and learning outcomes monitored?

The attainment of programme objectives is monitored by assessing the participation of the students in co-curricular, and other scholarly activities, progression in higher studies, research and employment in corporate sector in managerial positions.

Students are periodically monitored for development of soft skills, good communication skills and man management skills. The Language Lab of the Department of English is used to train our students in communication skills and soft skills.

To monitor the learning outcomes of the students, the department organizes periodical monthly tests, weekly assignments apart from model and end semester examinations.

Based on the result analysis if there is any underperformer, they are given special coaching by their respective subject teachers.

36. Highlight the participation of students and faculty in extension activities.

Our students participate in NSS, NCC and Youth Red Cross as part of the curriculum under Part- IV.

Highlights of our students in extension activities:

- P. Ananthakumar participated in Pongal Vizha celebrated by Tamilnadu Government in New Delhi in 2012
- SUO. M. Jagadeesan, participated in Indian Republic day parade held in New Delhi in the year 2013.

37. Give details of “beyond syllabus scholarly activities” of the department.

- Encourage the students to appear for IBPS examination.
- Special coaching classes are organized for UGC NET exam & TNPSC Group IV exam preparation.

39 Detail any five Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department

### **Strengths**

- Qualified faculty.
- UGC-INFLIBNET Digital library.
- WIFI connectivity.
- Highly committed students.

### **Weaknesses**

- First generation Students undergoing higher education in our Department.
- Inability of our students to learn in English-as-most of them comes from Tamil Medium background.

### **Opportunities**

- To help and assist our students to go for higher studies in various PG courses.
- To impart high quality higher education in Management.
- To encourage them to become managers/experts in various functional areas of management.

### **Challenges**

- As students hail from rural area they find it hard to communicate in English.
- There are a few dropouts in all the classes due to financial crisis in the family or loss of one or both parents.

### 40. Future plans of the department.

- Plan to introduce more innovative research programmes in Business Administration.
- Plan to organize more national and international seminars and conferences.
- Encouraging the staff members to apply for UGC Sponsored Minor and Major Projects.
- Utilizing UGC funds to construct additional class rooms, laboratories and rest rooms for students.

30. Was any need assessment exercise undertaken before the development of new program(s)? If so, give the methodology:

The college is offering UG and PG courses in zoology and biochemistry in biological sciences. The students who apply for these courses every year express their desire to have a course in biotechnology which can offer opportunities for interdisciplinary studies and specialization in animal and plant biotechnology. Motivated by the interest expressed by both the students

and their parents the PG and Research Department of Zoology conducted a survey through a questionnaire. Based on the inputs from the questionnaire and the informal interaction with the aspirants and the parents, efforts were taken to start a UG course in Biotechnology.

In Tamil Nadu only a few Government Arts and Science colleges offer recent science subjects like Microbiology and Biochemistry. Moreover Thanjavur region is rich in flora and fauna and is geographically located in the Cauvery Delta which provides ample scope for biological studies and research. It can also open a wide range of employment opportunities in the field of plant and animal biotechnology. So, we planned to have a Biotechnology department in our college to help the students from the rural background to study Biotechnology. The curriculum of the Biochemistry department in our college was studied by us meticulously and this helped us in developing our own curriculum.

31. Does the department obtain feedback from

a) Faculty on curriculum as well as teaching-learning-evaluation? If yes, how does the department utilize it?

Based on the feedback from the learned teaching fraternity the following changes have been made in the curriculum and syllabus:

#### **Curriculum:**

- Biochemistry paper (Allied) was shifted to the second year from the first year since it was difficult for the students to handle the paper effectively in the first year.
- Industry application oriented papers Bioprocess Technology and Environmental Biotechnology have been added.

#### **Teaching-Learning-Evaluation**

- Internet facility has been activated and it helps in teaching students via animations.
- After the discussion in the staff meeting, Quiz competition has been included to study the attentiveness of the students after every class.

b) Students on staff, curriculum as well as teaching-learning-evaluation and what is the response of the department to the same?

Based on the feedback from the students the lectures are delivered in both Tamil and English. Study materials are supplied in simple English. As per students' request, more PowerPoint presentations are worked in to lectures and animations are shown to them to make them understand the subject effectively. Curriculum has also been modified after careful evaluation of their performance in semester examinations.

c) Alumni and employers on the programmes and what is the response of the department to the same? Nil

32. List the distinguished alumni of the department (maximum 10): Not applicable

33. Give details of student enrichment programmes (special lectures/ workshops/seminar) with external experts:

Students actively participate in other departmental seminars to enrich and develop their knowledge.

- A Soft Skills and Employability Workshop on the title "Learner to Leader" was conducted by JCI (Junior Chamber International) trainers on 14<sup>th</sup> August, 2014 funded by JCI Chapters of Thanjavur.
- **Youth-led Development Outreach Programme - Seminar on "Health and Healthy Life Style"** conducted by Department of Zoology, Rajah Serfoji Government College for SC/ ST students, **on 30-01-2015**.

34. List the teaching methods adopted to improve student learning:

Lectures are delivered bilingually, because most of the students have come from rural areas with Tamil as their medium of studies in their school life. Group discussion, interaction, power point presentations and seminars are being organized to enhance the standard and ability of the students.

35. How does the department ensure that programme objectives are constantly met and learning outcomes monitored?

The first batch of the students is yet to pass out of the college. However, the interest they show in understanding the course content, and enquiring about further knowledge show the program objectives will be realized successfully in future. Through continuous assessment tests, student seminars, assignments and quiz programs the attainment of learning outcomes are monitored.

36. Highlight the participation of students and faculty in extension activities:

Biotechnology students actively participate in NSS/RRC/YRC/Sports activities in our college.

The HOD in-charge of the department Dr. K.M. Subbu Rathinam, acted as the co-ordinator for Red Ribbon Club of this college for three years from 2010-2013. During the period various awareness programmes on AIDS and blood donation were organized.

37. Give details of “beyond syllabus scholarly activities” of the department:

Students are motivated to attend seminars, workshops, special lectures, and other programmes conducted by other science departments of our college and other institutions. A science exhibition is planned this academic year.

38. State whether the programme/ department is accredited/ graded by other agencies. Give details: Nil

39. Detail any five Strength Weakness, Opportunities and Challenges (SWOC) of the department:

**Strength:**

- Competent, dedicated and qualified faculty.
- There are plenty of employment opportunities in government and private R&D sectors.
- Adequately equipped laboratory and a library.

**Weakness:**

- Most of our students are coming from Tamil Medium back ground and they find it difficult to cope with the classes taught in English.
- Maximum students are from poor economic background and they have trouble in concentrating because of their domestic constraints.

**Challenges:**

- To enhance communication skills of the students.
- To motivate the students to undertake self employment relevant to our subjects.
- To create awareness among the students about health care, hygiene and immunization.

40. Future Plans of the department:

- To start Post Graduate program.
- To conduct National and International Seminars.
- To conduct Inter-collegiate Biotechnology meet.
- To encourage students to take part in summer training programmes conducted in universities and biotech companies.
- To motivate students to participate in competitions held by other colleges.
- Taking students on industrial visits.
- Conducting science exhibitions.

## DEPARTMENT OF HISTORY

e) Student's Laboratories: NA

f) Research Laboratories: NA

29. Number of students receiving financial assistance from college, university, government or other agencies: NA

30. Was any need assessment exercise undertaken before the development of new program(s)? If so, give the methodology: NA

31. Does the department obtain

a) Feedback from faculty on curriculum as well as teaching-learning-evaluation? If yes, how does the department utilize it?

History of Tamil Nadu has been included in the curriculum to give exposure to the students to regional history and culture.

b) Students on staff, curriculum as well as teaching-learning-evaluation and what is the response of the department to the same?

Yes. Feedback is obtained through interaction with students and questionnaires.

Based on the feedback objective type questions are given to the students and methods to gather information to tackle such questions are taught. This is very helpful for the students to prepare for competitive examinations.

c) Alumni and employers on the programmes and what is the response of the department to the same?

Feasibility is being studied to incorporate a paper on Indian history with 100% objective type questions to help the students prepare for competitive examinations.

32. List the distinguished alumni of the department: NA

33. Give details of student enrichment programmes (special lectures/workshops/seminar) with external experts: Nil

34. List the teaching methods adopted by the faculty for different programmes.

Lectures, discussion, debate

35. How does the department ensure that programme objectives are constantly met and learning outcomes monitored?

The achievement of the program objectives is evident through the success rate of the students in competitive examinations conducted by agencies like TNPSC and the interest shown by the students to join courses in law.

The learning outcomes are monitored by conducting class tests, slip tests, midterm examination, and model examinations and from the results of the end semester examinations.

36. Highlight the participation of students and faculty in extension activities.

- NSS Programme Officer (2008- 2010)
- Coordinator- Youth Red Cross (2011-2012)
- Member- College Sports Committee (2010-2012)

37. Give details of “beyond syllabus scholarly activities” of the department.

Visits to tourist centers for enrichment of knowledge in tourism.

38. State whether the programme/ department is accredited/ graded by other agencies. Give details.

No

39. Detail any five Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department

**Strength:**

- Qualified permanent faculty
- Separate library

**Weakness:**

- Absence of regular courses offered by the department

**Opportunities:**

- Civil services oriented syllabus

**Challenges:**

- Infrastructure

40. Future plans of the department.

- To offer UG and PG course in History

## Post Accreditation Initiatives

### **Part I:**

Recommendations of the Peer Team during the Second Cycle of Accreditation in 2007.

*Keeping in view of the future development of the institution the Peer Team recommends the following for the consideration of the institution.*

As suggested in the previous report, further motivation is required to take up research in the campus.

During the assessment period a lot of initiatives have been undertaken to motivate and develop the research aptitude among the staff and students. After the second cycle of reaccreditation M. Phil. and Ph. D. programmes have been started in 9 departments. At present, more than 200 scholars are pursuing their Ph. D. programs in the college. Faculty members are encouraged to apply for research projects to various funding agencies. 06 major research projects and 08 minor research projects have been completed. 01 major research project and 11 minor research projects are going on. Students are also encouraged and guided to apply student's research project sponsored by various funding agencies. During the assessment 18 students projects have been completed. Under various projects 10 research laboratories have been established.

*The lack of a full-fledged gymnasium is to be looked into.*

A gymnasium is planned in the multipurpose auditorium for which a proposal has been sent to the state government.

*The beautification of the vast campus by planting trees and landscaping demands more attention.*

A lot of saplings have been planted to increase the green cover on the college campus. The young trees and the saplings that are coming up stand testimony to the sustained efforts of the students and staff.

Nearly 50% of the teachers are working on temporary basis (guest lecturers).

The Director of Collegiate Education appointed 25 faculties in 2007, 24 in 2008, 38 in 2009 and 19 in 2011 making the total number of permanent faculty as

131 against the sanctioned strength of 165. Apart from this 23 posts have been sanctioned for the newly started courses in shift II system. Appointment of permanent faculty for courses conducted in shift two will be done by the government and until then the college management has been granted permission to appoint guest lecturers as per the norms given by the DCE.

*All undergraduate courses (other than Tamil, Botany and Commerce) show results which are not to the level of expectations, require serious attention.*

Remedial courses are conducted for those who have difficulty in understanding the course content and study materials are prepared and distributed to them. Under the tutorial system the academic progress of the students is closely monitored by the tutors and necessary help is rendered to the students to improve their performance. The tutorial system and the remedial programmes help improve their success rate of the students in completing the course.

*It is advisable to have a better percentage of funds allocation to the library in the budget.*

The funds earmarked by the state government and the UGC for the development of library is being spent on the purchase of books and journals.

*The reading room in the library can be bigger to accommodate more students.*

A proposal has been sent to the state government for the construction of a new library block where all the modern facilities and a spacious reading hall will be created.

*Reprographic and Internet facilities need to be provided in the library.*

Photocopying facility is made available in the library, the department library, the digital library and the student cooperative stores. Internet facilities with WiFi connection are provided the digital library where students go and browse and take print outs. All the departments are also provided with internet with WiFi connectivity which is beneficial to both staff and students.

*Students may be given open access to the books.*

The library also needs to be kept open during vacations to help postgraduate and research students.

The general library is kept open during vacation to help postgraduate and research students.

*Non-teaching staff strength needs to be augmented in view of the increasing needs with the introduction of various self-financing courses.*

07 number of non-teaching staff have been appointed on permanent basis and 15 non-teaching staff have been appointed on temporary basis.

*The student progression demands some more attention.*

The tutorial system and the career and placement cell take lot of initiatives in guiding the students to choose from various options for career and higher education.

*Being a big college, hostel facilities for women also are desirable.*

The state government is giving free hostel facilities to the college students through its various welfare schemes. There is a free women's hostel run by the state government near the college where our girl students from far off places are accommodated.

#### **Part II:**

*Other initiatives taken for the development of the college*

After the second cycle of reaccreditation the college has started 16 UG courses, 6 PG courses, 9 M. Phil. programmes and 19 Ph. D. programmes.

Two add on courses i) Certificate Course in Solar Cell Fabrication and Testing and ii) Certificate Course in Robotic Training and Teaching are offered by the Physics department.

Hall Tickets and Cumulative mark statements with student photograph are issued to the students.

Multimedia Language Laboratory has been established in 2009.

Digital Library has been established in 2009.

A Virtual Laboratory has been established to utilize the virtual science-experiments created by the MHRD. This nodal centre has been established with the UGC grant during XII plan.

Computer Science Block and a Class Room Block to accommodate Commerce and Business Administration were constructed in the ----.

3 Pucca RCC roofed additional class rooms were constructed in the Zoology Block in the year 2012 from the Local Area Development fund.

5 additional class rooms are constructed within the existing infrastructure in the academic year 2013-2014 and 2014-2015.

The auditorium has been given a face lift in the year 2011. A new permanent PA system and a ceiling mounted LCD system have been installed. A new generator has also been installed in 2014.

A 15 KVgenerator has been installed in the main building in 2014.

Student amenities like purified drinking water and toilet facilities have been improved.

To ensure the peaceful and safe campus environment close circuit cameras have been installed on the campus.

## ANNEXURE

### Annexure 3.1

Major papers presented by staff in regional, national and international conferences

#### **Biochemistry**

##### **Dr. K.Jeyaprakash**

01. Presented a paper entitled PLA an ecofriendly package in food industry in an International conference on Food Technology, on 4-5 Jan 2013, IICPT, Thanjavur.
02. Delivered an invited lecture on Global warming and its impact on biodiversity in Bharathidasan Constituent College for Women, Orathanad on 19.09.2014.
03. Delivered a lecture on Biodiversity and its conservation on 19.12.2014, J.J College of Arts and Science, Pudukkottai.
04. Delivered a lecture on Downstream Processing conducted by Department of Biotechnology, Bon Secours College, Thanjavur on 03-04.03.2014.

##### **Dr. R. Senthil Kumar**

01. Delivered a special lecture on Immunobiology in the state level symposium on New Vistas in the Life Sciences organized by Aacharya Arts and Science College, Puducherry, on 29th Oct 2010.
02. Delivered a guest lecture on "Fight against Diabetes" in the Seminar series of life sciences at Dhanalakshmi Srinivasan Womens College, Perambalur, held on 30th September 2013.
03. Delivered a special lecture on "Enhancement of innate immune mechanism by TNFR ligand mediated reverse signaling" in the Department of Biochemistry, Srimad Andavan Arts and Science College, Thiruchirapalli on 4th October 2013.

##### **Dr. T. Malarvili**

01. Strategies for Busy working Mothers UGC sponsored National seminar on Social entrepreneurship and corporate Social Responsibility (CSR) - role in Women Development held on Mar 27th and 28th 2010. Departments of women studies, Bharathisan University, Tamil Nadu, India.
02. Antidiabetic effect of *Tectona grandis* L. on alloxan induced diabetic albino rats. DST sponsored National seminar on Phytotherapeutics held on Mar 29th and 30th 2010. St. Joseph College, Trichy, Tamil Nadu, India.

03. Paper Presented on "Study of Serum Megnesium in Type-2 Diabetes Mellitus" in one day state level seminar on "Modern Trends in Biological Sciences-Towards Human Health and Disease", at Rajah Serfoji Government College, Thanjavur on 17th February 2012.
04. Paper Presented in the National Conference on "Advances in the Management and Prevention of Clinical Disorders due to Malnutrition", at Rajah Serfoji Govt College, Thanjavur on 7th and 8th February 2013.
05. Delivered a lecture on Phytotherapeutics in Obesity at Shrimathi Indira Gandhi College, Tiruchirappalli on 22.07.2011.

**Dr. C. Aiyavu**

01. Presented a research paper entitled "The protective effect of protein diets on experimentally induced hepatocellular carcinoma in Swiss albino mice", at American Association for Cancer Research Annual meeting held at Chicago from March 31st to April 4th, 2012.
02. Presented a paper entitled "Evaluation of radio protective and genoprotective effect of solarie, an herbal formulation" in the National conference on the role of free radicals in health and diseases, organized by the Department of Biochemistry, University of Madras, Chennai, India on 27th and 28th January, 2012.
03. Delivered a lecture in the National conference on Natural Resources and Human Health" organized by the P.G and Research Department of Biochemistry and Chemistry, Enathi Rajappa College, Pattukkottai, Tamil Nadu on 29th and 30th October 2012.
04. Presented a paper entitled "Immunomodulatory effect of Garlic protein isolate on cyclophosphamide induced mice" in a National conference on Advances in the management and prevention of clinical disorders due to malnutrition, organized by the Department of Biochemistry, Rajah Serfoji Govt. College (Autonomous), Thanjavur, Tamil Nadu during 7th and 8th February, 2013.
05. Presented a paper entitled "antimicrobial studies of Azadirachta indica and Adhatoda vasica in a International conference on sustainable utilization, management and conservation of bioresources" organized by Department of Botany, St. Joseph's College (Autonomous), Tiruchirapalli, Tamilnadu, India on 10th and 11th January, 2013.
06. Presented a paper entitled "Hybridization of gold ore tailing contaminated soil for the betterment of cultivation" in the International conference on sustainable utilization, management and conservation of bioresources" organized by Department of Botany, St. Joseph's College (Autonomous), Tiruchirapalli, Tamilnadu, India on 10th and 11th January, 2013.

07. Presented a paper in the National Seminar on "Biochemistry in Health and Environment" held on 9th March, 2013, organized by PG & Research Department of Biochemistry, St, Joseph's College of Arts and Science (Autonomous), Cuddalore.

### Chemistry

#### **Mr.K.Rajarajan**

01. Growth and characterization studies of succinic tartrate doped with ferrous sulphate, \*K.Rajarajan, G.Madhurambal, J.Samusolomon, USSE-2013 UGC sponsored national seminar organized by the Department of chemistry, T.B.M.L. College, Porayar.
02. Growth and characterization studies on diphenyl amine-picrate-A nonlinear optical crystal, \*K.Rajarajan, A.Anandhi, K.R.Dhanalakshmi alias Reka, J.Samusolomon, G.Madhurambal, GCGP-2013 UGC sponsored national seminar organized by the Department of chemistry, ADM College for Women, Nagapattinam.
03. Growth and characterization studies on acetamide-picrate doped copper sulphate-A nonlinear optical crystal, \*K.Rajarajan, K.R.Dhanalakshmi alias Reka, A.Anandhi, J.Samusolomon, G.Madhurambal, GCGP-2013 UGC sponsored national seminar organized by the Department of chemistry, ADM College for Women, Nagapattinam.
04. Spectral Diffraction and optical Properties of succinic-picrate doped with copper sulphate-A nonlinear optical crystal, \*K.Rajarajan, G.Madhurambal, GCGP-2013 UGC sponsored national seminar organized by the Department of chemistry, ADM College for Women, Nagapattinam.
05. Growth and characterization of nonlinear optical crystal of picric acid and acetamide, \*K.Rajarajan, G.Madhurambal, S.Kalyanasundaram, J.Samusolomon, GCGP-2013 UGC sponsored national seminar organized by the Department of chemistry, ADM College for Women, Nagapattinam.
06. X-ray Diffraction and spectroscopic studies on acetamide-Tartrate-A nonlinear optical crystal, \*K.Rajarajan, S.Kalyanasundaram, G.Madhurambal, J.Samusolomon, GCGP-2013 UGC sponsored national seminar organized by the Department of chemistry, ADM College for Women, Nagapattinam.
07. Synthesis growth and characterization of thio-urea picrates-A nonlinear optical crystal, \*K.Rajarajan, G.Madhurambal, J.Samusolomon, USSE-2013 UGC sponsored national seminar organized by the Department of chemistry, T.B.M.L. College, Porayar.

#### **Dr.T.Rajkumar**

01. Presented a scientific paper in the National conference on Advanced Polymers, Fibers and Fabrics (APF2-2011) held at DMSRDE, Kanpur, India during December 26-28, 2011.

**Dr.C.Kathiravan**

01. Presented a research paper in the National seminar on new Frontiers in chemistry, organized by Department of chemistry, Annamalai University, Annamalainagar March 15 &16, 2010.

**Dr.M.Vellaisamy**

01. Presented a poster entitled Kinetics of oxidation of  $\alpha,\beta$ -unsaturated alcohols by imidazolium dichromate in the national conference on Advances in organic and Physical chemistry, organized by the Department of chemistry, University of Calicut, Kerala during 22-23 March 2012.

**Dr.M.Ravishankar**

01. Presented a research paper in the National seminar on new Frontiers in chemistry, organized by Department of chemistry, Annamalai University, Annamalainagar March 15 &16, 2010.

**Dr.Ilangeswaran**

01. Presented a paper on Chemical oxidative synthesis and characterization of polyDiphenylamine-Metal Nano composites and their characterization in UGC Sponsored National seminar on Resent Trends in Polymer and Green Chemistry, 2-3rd February 2012 organized by Rajah Serfoji Govt. College (Autonomous), Thanjavur.
02. Presented a paper on Synthesis and Characterization of poly(diphenylamine-co-phenylhydrazine) at International Seminar on Resent Advances in Textile and Electrochemical Sciences, March 21-23, 2013 organized by Department of Industrial Chemistry, Alagappa University, Karaikudi.

**Ms.P.Sangeetha**

01. Presented a paper entitled The green synthesis of silver nano particle using curica papaya fruit extract, organized by A.V.V.M Sri Pushpam College (Autonomous), Poondi, Thanjavur.

**Ms. M.Mangalam**

01. Presented a paper on Synthesis and Spectral characterization of some NiS<sub>2</sub> NP and NiS<sub>2</sub> PC chromophores containing Divalent nickel and S,P,N,C Donors at National conference on From University to Industry; Fostering Interest in Chemistry Among the Students held on 25 & 26 September, 2014.
02. Presented a paper entitled One pot synthesis and characterization of simvastatin sulphate using microwave radiation at National seminar organized by PG and

Research Department of Chemistry, A.V.V.M Sri Pushpam College (Autonomous), Poondi, Thanjavur on 29-30, December-2014.

**Ms.N.Punitha**

01. Presented a paper entitled Bioavailability enhancement of Atorvastatin calcium by Microwave assisted Sulphonation at National seminar organized by PG and Research Department of Chemistry, A.V.V.M Sri Pushpam College (Autonomous), Poondi, Thanjavur on 29-30, December-2014.

**Prof.G.Manimegalai**

01. Presented a paper entitled Green synthesis of silver nano particles using talinum paniculatum extract and their antimicrobial activity at National seminar organized by PG and Research Department of Chemistry, A.V.V.M Sri Pushpam College (Autonomous), Poondi, Thanjavur on 29-30, December-2014.

**Commerce****Mr. S. Shanmugam**

09. Humanism in the Poems of Shelly and Bharathidasan, One Day National Seminar on Comparative Literature, sponsored by TANSCHIE: H.H.The Rajah's College, Pudukkottai.

**Dr. L. Bhaskaran**

01. Presented a paper Ethics and Corruption in Society in UGC sponsored national seminar conducted by Gobi Arts and Science College, Erode, on 20-21 August 2011.
02. Presented a paper Children and Human Rights in UGC sponsored national seminar conducted by Gobi Arts and Science College, Erode on 16-17 September 2011.
03. Presented a paper "Learning Strategies for the academically under - privileged learners – Implications" in a national conference on Zealous language Teaching organized by the Department of English and Foreign languages, SRM University on 26th March 2012 in Chennai.

**Ms. D. Umamaheshwari**

01. Humanism in Mulkraj Anand's Untouchable-one day International Conference on Humanistic Approach in Modern Literature in English (March 21, 2013), Rajah Serfoji Government college, Thanjavur.

**Mathematics**

**Dr. P. Senthilkumar**

01. Presented four papers entitled "A Stochastic Model For The Secretion Of Blood Glucose Intype 2 Diabetic Subjects", "Fuzzy Model For Testosterone And Cortisol Responsiveness To Winning And Losing Experiences In Female Games" "fuzzy modeling for the effect of rhIL-6 infusion on growth hormone" and "Stochastic Model to find the Expected Deterioration of Cortisol Secretion of Metastatic Breast Cancer Using Gamma Distribution" in an International Conference held at ST. Peter's College, Kolenchery, Kerala, during 11th and 14th 2014.
02. Presented a paper entitled "Stochastic Model to find the time factor of cortisol secretion of Breast cancer using weibull Distribution" at ICOMAC, 2014. Proceedings ISSN 0973-0303, pg:572-579, Jamal Academic Research Journal.

**Dr. K. Muthugurupackiam**

01. Paper entitled "Total Face Irregularity strength of Plane Graphs", Presented in Two Day National Seminar in Recent Trends in Distance in Graphs, Ayya Nadar Janaki Ammal College, Sivakasi, March 12 – 13, 2012.
02. Presented a paper entitled "On Face Irregular Total Labelling of Plane Graphs" in National conference on Labelling and Decompositions of Graphs organized by Department of Mathematics, The Madura College, Madurai, held during August 29-30, 2013.
03. Paper entitled "Total Face Irregularity strength of Plane Graphs", Presented in Two Day National Seminar in Recent Trends in Distance in Graphs, Ayya Nadar Janaki Ammal College, Sivakasi, March 12-13, 2012.
04. Paper entitled "Total Face Irregularity strength of Plane Graphs", Presented in the Two Day National Seminar in Recent Trends in Distance in Graphs, Ayya Nadar Janaki Ammal College, Sivakasi, March 12 – 13, 2012.

**Mr. Mohamedharrif**

01. Present a paper entitled "n - Fuzzy n - Normed Linear Space" in International Conference on Emerging Trends in Mathematics and Computer Applications on 19th to 20th December, 2010, Mepco - Schlenk Engineering College, Sivakasi.
02. Present a paper entitled "Fuzzy Model for Testosterone and Cortisol Responsiveness to Winning and losing Experience in Female Game" in International Conference on Advances in Applied Probability, Graph Theory and Fuzzy Mathematics on 11th to 14th January, 2014, St. Peter's College, Kolenchery, Kerala.

**Physics****Dr. A. Thiruvalluvar**

01. Presented an invited talk on "X-ray Crystal Structure Determination" and acted as a Chair Person in the DST & UGC Sponsored National Seminar on Theoretical and Chemical Sciences (TACS 2008) during 22nd& 23rd February 2008, organized by Department of Chemistry, Annamalai University, Annamalai Nagar.
02. Delivered a lecture on "X-ray Crystal Structure Determination" in the UGC-SAP & CSIR sponsored Lecture-Workshop programme on Synthetic and Structural Chemistry (SASC 2009) during 21st& 22nd March-2009, organized by Department of Chemistry, Annamalai University, Annamalai Nagar.
03. Presented an invited talk on "X-ray Crystal Structure Determination" in the National Seminar on Recent trends in Crystal Growth & Nano Materials (NSCGNM – 2013) in support with Indian Association for Crystal Growth and Centre for Nanoscience and Technology, Anna University, Chennai during 13th& 15th March

2013, organized by PG and Research Department of Physics, National College (Autonomous), Tiruchirappalli – 620 001, Tamilnadu.

04. Presented an invited talk on “X-ray Crystal Structure Determination” in the UGC (Autonomous Grant) & SERB Sponsored National Conference on Perspectives in Materials Science (NCPMS – 2013) during 6th& 7th August 2013, organized by PG Department of Physics, Government Arts College for Women (Autonomous), Pudukkottai – 622 001, Tamilnadu, South India.
05. Presented a Technical Session on X-ray Crystallography in the UGC (Autonomous Grant) SERO Sponsored National Workshop on Emerging Trends in Materials Science during 30th& 31st August 2013, organized by PG Department of Physics, Poopuhaar College (Autonomous), of the Tamilnadu H.R. & C.E. Admn. Dept, Melaiyur, Tamilnadu.
06. Acted as a resource person in the UGC (Autonomous Grant) Sponsored Workshop on 3D Structure Determination of Small Molecules on 10th October 2013, organized by PG Department of Physics, Government Arts College for Women (Autonomous), Pudukkottai – 622 001, Tamilnadu, South India.
07. Acted as a resource person and delivered a lecture on Nano Materials and Applications” at One Day State Level Seminar on Recent Advances in Materials and its Impact held on 28th February 2014 organized by C.V. Raman Club and PG Research Department of Physics, Thanthai Hans Roever College, Perambalur-621 212.

#### **Dr. Veerarathinamurugan**

01. Presented a paper on Dielectric and conductivity studies of pure and doped PVC at Microwave frequencies at Institute of Technical education and Research (ITER), Bhubaneshwar, Odisha on 17th - 19th December, 2012.

#### **Dr. L.Chinnappa**

- 01 Nanocrystalline doubly doped tin oxide films deposited using a simplified and low-cost spray technique for solar cell applications. International Conference on Recent Advances in Biomaterials, Saveetha School of Engineering, 17-18, December-2010, Saveetha University, Chennai, Tamil Nadu, India.
- 02 Influence of solvent volume on the electrical, structural and optical properties of antimony doped tin oxide films fabricated using a low-cost spray technique. International Conference on Thin Films and Applications, 15-17 March-2012, School of Electrical and Electronics Engineering, Sastra University, Thanjavur, Tamil Nadu.
- 03 The combined effects of concentration of the precursor solution and doping level on the structural and electrical properties of sprayed Fluorine doped tin oxide films for photovoltaic applications. International Conference on Advanced Materials and Applications (ICAMA-2011) March 4–5, 2011. Department of Physics, Kalasiligam Univerti, Krishnankoil, Tamilnadu.

- 04 Effect of solvent volume on the physical properties of SnO<sub>2</sub>:Sb thin films. National Seminar on Recent Trends in Crystal Growth and Nano Materials (Sponsoring Agency: UGC) 15-17 March- 2012, Department of Physics, National College, Tiruchirappalli, Tamil Nadu, India.
- 05 Fabrication of doubly doped (Fluorine+ Antimony) tin oxide films using a low-cost spray technique", National Conference on Advances in materials Science, (Sponsoring Agency: UGC, CSIR and TNSCST), 1-2 March- 2012, Department of Physics, Annamalai University, Chidambaram, Tamil Nadu.
- 06 Influence of doping level on the physical properties of tin doped zinc oxide nanopowders synthesized by a soft chemical method, National Conference on Advances in materials Science, 1-2 March- 2012, Department of Physics, Annamalai University, Chidambaram, Tamil Nadu, India.
- 07 Effect of solvent volume on the optical constants of SnO<sub>2</sub>:F films", National seminar on Advances in Materials Science, 23-24 January-2012, (ISBN:978-93-81402-22-1), Department of Physics, Manonmanium Sundaranar University, Tirunelvelli, Tamil Nadu, India.
- 08 Combined effect of molar, concentration and doping level on structural, electrical and optical properties of fluorine incorporated SnO<sub>2</sub> films deposited using a simplified spray method for solar cell applications. National Seminar on Renewable Energy- an Amazing Resources, 20-21 January- 2011,Department of Physics, ADM College, Nagappattinam, Tamil Nadu, India.
- 09 Role of Doping level on the Physical properties of Sn doped ZnONanopowders synthesized by simple chemical bath technique", National Conference on Emerging Trends in Chemistry, 11th January-2012, Dept. of Chemistry, Bishop Heber College (Autonomous), Tiruchirappalli, Tamil Nadu, India.
- 10 Investigations on doubly doped (F+Sb) tin oxide films deposited by simplified spray pyrolysis technique", National conference on Recent Advances in Materials and Technology, 6-7 January -2012, Department of Physics, Sathyabama University, Chennai, Tamil Nadu, India.
- 11 Electrical and optical properties of spray deposited SnO<sub>2</sub>:F films, National conference on Perspectives in Laser, Optics, Spectroscopy & Nanoscience, 14th February-2011, Department of Physics, Bishop Heber College, Tiruchirappalli, Tamilnadu.
- 12 Effect of annealing on the electro - optical properties of tin doped ZnO thin films. UGC and SERB Sponsored National conference on perspectives in Materials Science (NCPMS - 2013) 6th & 7th August 2013. P.G. Department of Physics, Government Arts College for Women, Pudukkottai, Tamilnadu.
- 13 Effect of Precursor Material and Annealing Treatment on Structural and Optical Properties of Silar Deposited ZnOFilms. National Seminar on Technologically
